Dementia friendly Churches by 2020

In 2015 Churches Together in Cumbria began it's Dementia Project with the stated aim that *'all churches across Cumbria should be dementia friendly by 2020'*.

Each church or group of churches is to appoint a Dementia Enabler. The role of the Enabler is worked out very much at the local level and within the local church context. Some Enablers are very active both in their churches and/or the wider community others are simply the *'go to'* person should any matters relating to dementia arise within the congregation. There will be a two hour training session in October.

If this is a role you feel able to take on or would like further information please have a word with Tony.

Together for Barrow

Sunday 22nd September, 4.30-6.00pm at Trinity Church Centre

For our evening Service on this day we will be joining together other Barrow Mission Community Churches to share, support and pray for God's work here in Barrow. We finish with a *bring and share tea*.
